THE LOG  
PICTURE BOOK

To Everything . . .

. . . A Season

This year's log is called "the picture book" because of the things that are remembered thru the use of pictures. Some of the historical uses of photography are exemplified in this book. The still picture is the most common as seen in the mug shots and other photographs. The media's use of many kinds of pictures is represented by our cartoons throughout the book. The age of motion pictures is symbolized by a "movie" within the pages of this book. To view this simply fan the pages of the book, starting with this page, and you will see the story of the first Wishkah manned hot air balloon flight.

# *a tribute to a friend*

## *sailing*

*well its not far to paradise  
at least its not for me  
if the wind is right  
you can sail away  
and find serenity*

*its not far to never never land  
a reason to pretend  
if the wind is right  
we can find the joy  
and feel the sense again*

*canvas can do miracles  
just you wait and see  
believe in me*

*fantasy, it gets the best of me  
when i'm sailing  
all caught up in the rat race  
every word is a symphony  
would you believe in me*

*sailing, takes me away  
to where i'm going  
i dream the wind will carry me  
soon i will be free*

Julie Binkley survived a very rough ordeal this last year. It tested her strength and her stamina, but she was able to pull through. Julie also came back to graduate with her friends.

During high school Julie had participated in many activities and sports. In volleyball she was elected the most valuable player. She also participated in cheerleading, basketball, track, and co-editor for one newspaper issue.

The yearbook staff of 1981 pays tribute to Julie, for her courage that she showed and to her family and friends who helped her.

The seven member SENIOR CLASS has been looking forward to two things for a long time: a trip to California and graduation from high school. Most of this class have been together for almost all of their twelve years at Wishkah School. Two of the activities they used to raise money for their senior sneak were the pop machine and sponsoring the Harlem Thrillers basketball team. The class members are Jim Pauley (Valedictorian), Tove Johnson (Salutatorian), Larry Sisco (all class officers in one), Stan Helberg, Jerry Ancich, Bill Gourlie, and Julie Binkley. Miss Lorri Dimke was the Senior Class advisor.

One more year of the grinding tasks of school work, then it's out into the world. Some of the Juniors got a head start in the job finding department through a program offered at Wishkah called D.O. (Diversified Occupations). The Juniors Earned money from such activities as car washes, and bread and ice cream sales. The class was blessed with all female officers: president Carmen Drahos, vice president Lisa Gregor, Secretary Keli McDougall, and treasurer Carmela Chaney.

The freshmen started off the year by decorating for the homecoming dance.

Initiation was a big thing for them consisting of a Santa Claus, three men in a tub, and a beauty contest.

Pizza sales and dances helped raise money towards their senior sneak.

# ***eighth grade looks forward***

This year the eighth grade made money by having a skating party and working at the school carnival. Their booths were the dart throw and the jail house.

Eighth grade class officers are Brad Taylor, Steven Pauley, Jamie Jones, Danielle Busz, and Kelly McDougall.

The seventh grade survived their first year of junior high school. They participated in the school carnival and other activities. Most of the seventh graders participated in their first year of junior high sports. This year their class officers were president Mark Eaton, vice-president Matthew Bell, secretary Carey Baltzell, treasurer Kim Bugher, and sergeant at arms Claudine Mason.

## *et cetera*

how would you like to be -

slammed, sat on, spilled on, slobbered on, and stuck together?

broken, stuck back together, just to be broken again?

used and abused, kicked around, beaten, knifed, and wiped out,  
then expected to hold a ton without complaining?

folded, bent, mutilated,  
and have bubblegum stuck to your backside?

so goes the thankless life of a lunchroom table.

most young are serious

***sports***

# *coaches aid young team*

The Logger team had a very tough season this year. Ten players returned to the Logger team to add their experience.

The team worked very hard in their practices before games. They met very competitive teams during their season.

# *loggerettes fight on to district*

The Loggerette volleyball team took home the second place title of their league this year. They went on to district to be defeated by Adna and Wahkiakum. The girls were coached by head coach Jan Van Drimmelen, and assistant coach Lorri Dimke.

Row 1: Tove Johnson, Mendy Madigan, Tina Boliņg, and Lisa Gregor. Row 2: Keli McDougall, Jan Van Drimmelen, Danielle Busz, Carmen Drahos, Gail Gregor, Tory Wareham, Kelly McDougall, and Lorri Dimke.

# *cheerleaders boost spirit*

Long summer hours and after school hours all added up to hard work and fun for the 80-81 cheerleaders. Routines, skits, and three new uniforms were some of the things they accomplished this year. Cheerleaders are often expected to not get along but this year's pep staff became very close throughout both seasons and have a lot of memories.

The 80-81 cheerleaders were Jerri Ancich (football and basketball), Anita McFall (football and basketball), Becky Clevenger (basketball), Tina Boling (football), and Tove Johnson (football and basketball).

Left to right: Jerri Ancich, Anita McFall, Becky Clevenger, Tina Boling and Tove Johnson.

# *loggers gain knowlege and experience*

Left to right: Paul Costello, Bill Clark, John Berge, Bill Demaray, Scott McDougall, Jim McCormick, Steve Arnold, Byran Anderson, Bryan Pauley, and Jan VanDrimmelen.

The Logger<sup>3</sup> Basketball team put a lot of effort into their games and practices. Even though the team was small their effect was that of a large team. Although they did not win all of their games their spirit never died out. The Loggers looked ahead with anticipation as each game came around the corner.

First Row - Kelly McDougall, Lisa Gregor, Tove Johnson, Tory Wareham, Ge Gregor, Alice Bogar, Tina Boling, Keli McDougall. Second Row - Coach Car Johnson, Angela Nylander, Carmen Drahos, Lynne Taylor, Ruth Demaray, Jack Helberg, Gail Gregor, Renae Bell, Assistant Coach Lorri Dimke.

The Wishkah Loggerettes had a very successful season this year. The Loggerettes went to the district play-offs as the 4th place team from the Northern B League. The girls team went further in the district tournament than they have in a long time.

*district playoffs*

# *raiders end season undefeated*

Undefeated throughout the season the boys took first place in the Taholah tourney. Brad Taylor received most valuable player out of all the teams, followed by Jamie Jones and Sam Taylor who received all stars.

With such an extraordinary season the boys couldn't have done it without their coach Dave Busz. Jim Pauley aided Mr. Busz as the assistant coach and they had a great combination.

## *raiderettes take league*

The girls were overly excited when taking first place at the Queets tourney. Danielle Busz was awarded most valuable player. While Kelly McDougall, Kim Thompson, and Hiedi Conway picked up all stars.

The girls were overly excited when taking first place at the Queets tourney. Danielle Busz was awarded most valuable player. While Kelly McDougall, Kim Thompson, and Hiedi Conway picked up all star trophies. High point of the season was beating Tahola so decisively.

## *championship*

## *a leap into league*

Last year's team was the first track team to enter league in our district. They were able to raise almost all the money to buy new uniforms for their team. Judy Killen and Paul Costello were the coaches.

*activities*

## *clubs*

The German Club this year made money by selling German cookbooks. They also took a club trip to a restaurant.

The Industrial Arts Club sponsored donkey basketball. They also for the first time sponsored a wheel chair basketball game.

# guess who?

These famous children have now become household names around Wishkah. Who are they? Give up? See pages 62 and 63.

Pep Club - Cherri Rose, Heidi Conway, Danielle Busz, Kim Thompson, Tove Johnson, Tory Wareham, Tina Schiffman, Becky Clevenger, Wendy Madigan, Cheryl Sjogren, Melinda Parker, Anita McFall, Jackie Helberg, Ruth Demaray, Jerri Ancich, Renae Bell, Alice Bogar, Christi Wareham, and Angela Nylander.

1st row: John Berge, Kevin Madigan, Jim Paul-ey, Tim Eaton and Scott McDougall. 2nd row: Jim McCormick, John Kloempken, Carmen Drahos, Ruth Demaray, Lynne Taylor, Gena Gregor and Byron Anderson. 3rd row: Wayne Binkley, Alice Bogar, Angela Nylander, Tove Johnson, Gail Gregor, Tina Boling, Becky Clevenger, Lisa Gregor and David McClellan.

This year the student council was headed by president Jim Pauley and his staff, vice president Scott McDougall, secretary Becky Clevenger, treasurer Tove Johnson, and publicity manager Jerri Ancich. The student council purchased a new popcorn machine, and they helped to earn money for a scoreboard and lights for the football field. They also donated fifty dollars to the track and field team for their uniforms.

***student council plows  
through business***

This year the band did more than just play at home games at pep assemblies. The band marched once again this year in the Kingdome. The cheerleaders also went along with the band. The band played at a high school girls district game which was at Onalaska.

# ***songs to remember***

Do ya think I'm sexy:!

Superman!

Heart-breaker!

## a friend

This last year the Homecoming Dance had the live music from the band Alcyone. The Homecoming Court consisted of Queen Jerri Ancich and King Jim Pauley, Princess Keli McDougall and Prince John Kloempken, and last but not least Princess Anita McFall and Prince Stan Helberg. The Freshman class decorated the old gym to their theme "DREAMIN'."

The Puyallup Fair was once again blessed with the presence of the Wishkah Valley students grades 5-12, in September. The animals also seemed to be pleased with our appearance. As a couple of students were walking through the cow barn the cows gave them their special salute. The pigs slopped a little more than usual to look their best for us. The ride operators seemed to give us their special attention. When the time came for us to leave we boarded the bus. No one was left because the fair officials herded us all on in what must have been a record speed. No wonder they were blessed...

***Puyallup fair blessed***

## *can you tell?*

One day Wayne Binkley volunteered to participate in a donkey basketball game at the Wishkah School gym. This photograph will forever testify to the fact that he spent more time on the floor than on the back of the beast. Wayne and this jackass had alot in common. They each had hard heads, big mouths, lots of padding, and wore rubber shoes. Can you pick out which is which in this picture?

*students participated in building of shop*

The long-awaited day has finally become a reality. Wishkah School now has a brand new shop! This results in many firsts: the first time shop has been offered at Wishkah for years, the first time this many types of shop offerings have been available at this school, the first time the "Occupational Versatility" program has been offered in the twin valleys and the first time that many of us have ever heard of students actually building the shop!

About 65 students worked hard as a team during a good portion of the school year planning, doing layouts, cutting, nailing, gluing, painting and all kinds of jobs. The students, seventh thru twelfth grades, learned valuable lessons, in vocational skills, safety, and staying with a project until it is completed.

The new facility is designed to allow the student to explore the fields of hot and cold metals, autobody, power mechanics, woodworking, crafts, and drafting. A media resource center is available for gaining information thru audio-visual programs, books, and notebooks.

## *whipped cream please*

Lily said, "I think I'll bake  
a most delicious apple pie."

- She took some dirt and water  
from a puddle and mixed it up.

While adding some special rocks  
from the driveway  
and then some grass and rotten apples  
from under the tree,  
and a pinch of slug  
and a dash of slobber.

She beat out all the lumps  
with a stick.

And at the top she wrote, "To Jason"  
the way the bakers do,  
and then she added, "Love Lily"  
and gave it all to me.

But I wouldn't dream of eating  
apple pie without cool whip!

poem by third grade class

*the many faces of wishkah*

# t-shirts

***staff***

# *faculty teaches students in many areas*

There were a few changes in Wishkah's teaching staff this year. Mrs. Vroman took a leave of absence and was replaced by Miss Dimke until she returned. Mr. Costello and Miss Dimke were both added to the staff this year. Both are graduates from WSU. Mr. Costello taught math and helped students in the resource room. Miss Dimke taught a variety of classes that included Geography, Career Education, and 5th grade science, to name a few.

# *teachers strive to help*

The grade school teachers spent their time teaching and expanding the skills of the eager and young grade school students. Films and other teaching materials aided them in their quest to better the education of the young students. Mrs. Judy Killen, Miss Janet Johnson, Mrs. Muffy Eager, and Mr. Jay Franco made up the K-4 teaching staff this year.

***young students***

***"keeping organized"***

Behind the part of the school that most people see are those people who really make it all come together. The school board works without pay to help make the important decisions that influence the activities of the entire school. Most of these people have given much more of their time than is expected including summer work on the playground and the shop.

The other half of this team that keeps the school running smoothly is the office secretary, bookkeeper, counsellor, and superintendent.

## *cooks, bus drivers,*

A day at Wishkah begins at 5:45 a.m. when a couple of maintenance men show up to start the boiler for some heat and do some last minute cleaning of the rooms. Then the bus drivers arrive to get ready to pick up the students and bring them to school. The cooks arrive at 8:00 to begin to prepare lunch for approximately 178 people. Before the last bell rings the drivers get their rigs ready to take the students home. The janitors then clean and lock up the school.

Thanks to these people our day is much more enjoyable.

## *and janitors*

# teacher life

Oh what a year! Those teachers sure did get in alot of trouble! It was up to the students to keep them out of it. Why, one time I remember a student was trying to stop the teacher from shooting rubberbands and she tried to squeeze his hand off.

I must say we learned alot from them though. Alot of things like super-fast airplanes, how to make a perfect spit wad, and just the right place to set a tack on a chair. Yes, that was quite a year!

*grade school*

*kindergarten, first, and second*

Kindergarten expanded their skills by taking trips to the Aberdeen Library. The kindergarteners also made secret surprises for their moms on Mother's Day.

The first grade expanded their knowledge by taking trips to the library in Aberdeen. They also took a trip to the beach and studied oceanography. Making lunch, baking bread, and making desserts were some of the other activities they were involved with.

This year the second grade made some very special things, like Irish Soda Bread. They also took field trips to the Humptulips Fish Hatchery and the Cearley Bunny Farm.

## *third, fourth, and fifth*

The fourth grade went to a play called The Pussy Cat War as part of the Cultural Enrichment Program. Their activities included making papier mache bodies. Outdoor activities included baseball which many enjoyed. The third grade expanded their skills by writing their own books. They also tried T. V. math.

For the first time the fifth graders became a part of the junior high for a while. They also attended a band concert in Centralia on March 18.

## *sixth*

The sixth grade had some interesting activities which mostly included harassing teachers. They have become famous for their pranks of all kinds to their favorite adults.

Row 1 left to right: Mike Pauley, Kelly Eaton, Robbie Taylor, Mike Kloempken, Duane Haskey, Michael Toy, and Mr. Berge.

Row 2 left to right: Tim Eaton, Bobbie Anderson, Tony Denhert, Jon Hoff, Matthew Senger, James Middleton, Billy Lawrence, and Tracey Thompson.

Having a pretty good season, the boys also enjoyed the competition. Using the new gym whenever it was available made the hard working team more prepared for game situations.

# *girls gather knowledge and skill*

Row 1: Kirstin Taylor, Christy Rose, A'Dee Ridgeway, Tanya Drahos, Carla Berge, Row 2: Matia Culpepper, Kim Berge, Stacy Thompson, Kelly Berge, and Coach Mr. Berge. Row 3: Manager Connie Christenson.

# How important is the dealer when you buy a heavy-duty truck?

Even when you buy a tough, heavy-duty truck like a Kenworth, you still need a good dealer.

The dealer is as important as the truck.

You know why. Even the average truck runs hundreds of thousands of miles. Kenworths often run over a million miles. A lot can happen, and does.

We do everything we can to give you the backup you need on the road. We'll make sure any Kenworth you

buy is specified precisely to your needs. We'll help with financing, or establish revolving credit for you. We'll give you expert, friendly service in the best parts and service departments in the Pacific Northwest and Alaska.

So come by, say hello, and get to know some of the top truck people in the country.

Just how important is a good dealer?

Well, just how important are your profits?
