# 2020-2021

**CRITERIA** for Choice Inter-District Transfers are established by the Board of Directors in each school district and include: completing senior year; adjustment problems with appropriate officials from both resident and non-resident school districts believing the student's problems can be alleviated by an inter-district transfer; daycare provider residing outside the student's home attendance area district; when attendance in the resident district would impose an undue hardship on the student or parents/guardians; when attendance in the resident school district would not afford the student access to specific educational programs that would enhance their educational goals; when the Educational Service District Superintendent authorizes an inter-district transfer to afford better educational facilities and effect a savings in the cost of education.

**APPROVAL OF REQUEST:** Requested transfer **meets** district criteria and is granted for the requested school year. If, at any time, during the period of the transfer, the objective of the transfer is either substantially achieved or is determined to be unobtainable, this transfer agreement may be terminated. Parent/Guardian is responsible for providing transportation at no cost to the accepting school district. Transfer is approved for one school year only.
